

The racial profiling bill we have been anticipating was introduced in the Senate on Wednesday, February 13th.

You can read it at <http://www.kslegislature.org/bills/2008/610.pdf>.

Your legislative committee is working with the Kansas Sheriff's Association and the Kansas Association of Chiefs of Police as well as other law enforcement officials who have been working closely with the racial profiling issues to provide appropriate testimony at any legislative committee hearings on this bill. In addition we will be meeting to discuss the potential to make a presentation to the Governor's Racial Profiling Task Force.

Ed Klumpp  
Chair, KPOA Legislative Committee
